

Fighting air pollution from cars

Fiona Howarth

CEO, Octopus Electric Vehicles

Polluting cars are damaging our health

40,000

premature deaths p.a. in UK
from outside air pollution

£20bn

estimated cost to NHS due to
adverse affects of air pollution

5-10%

reduction in lung capacity of
8-9 year olds living in highly
polluted areas of cities

>1,750

estimated UK deaths avoided
in 30 days of lockdown
due to better air quality

octopus
electric vehicles

We encourage walking, cycling and
taking public transport,
but if you're going to drive –
make it electric.

Electric cars are now fantastic...

Tesla Model 3

Nissan LEAF

Vauxhall Corsa-e

Tesla Model X

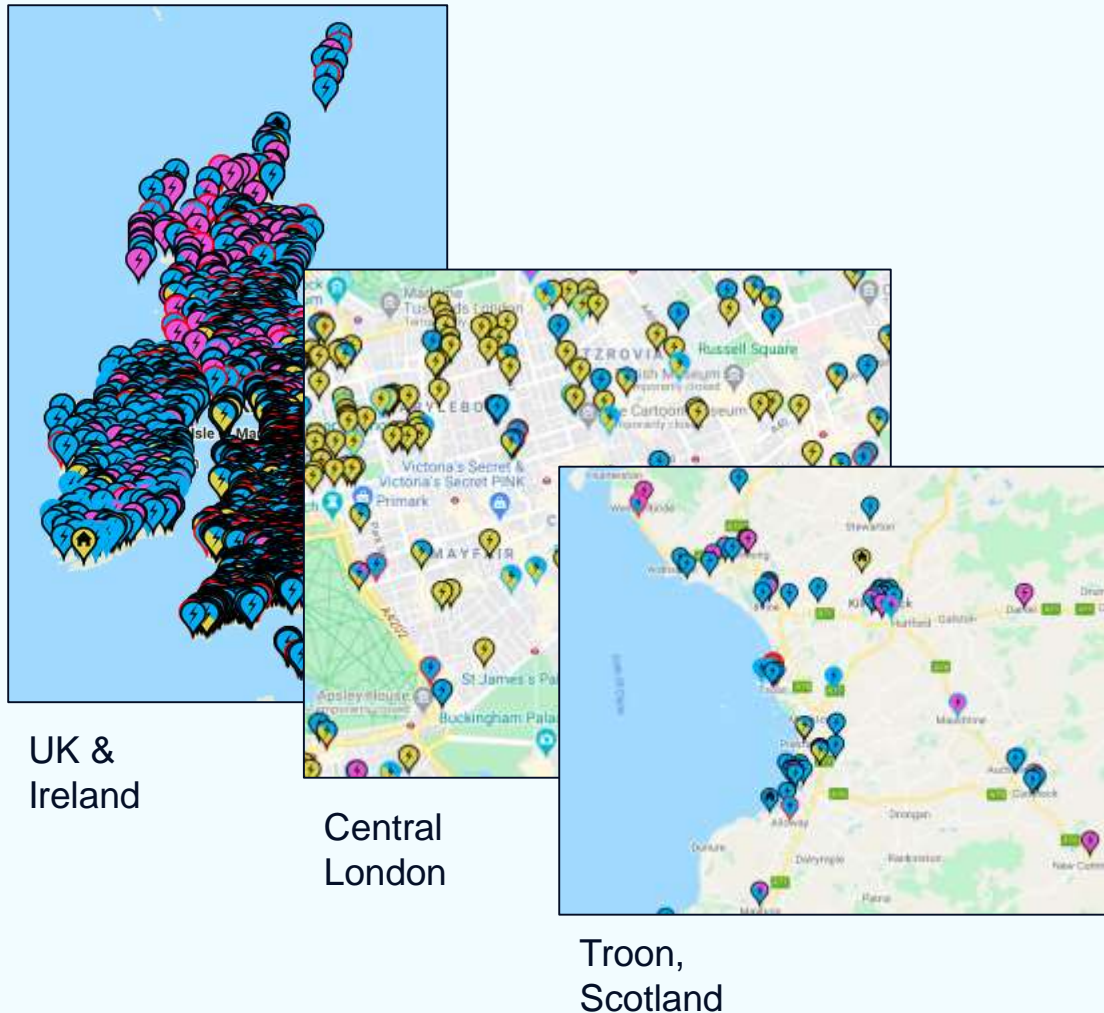

Jaguar I-PACE

Audi e-tron

... and charging infrastructure is good

>11,700
public charging locations in the UK
(vs. 8,400 petrol stations)

72%
UK vehicle drivers have
off-street parking,
so can charge at home

Other countries are stepping up...

>42%

**new cars were pure electric
in Norway in 2019**

€12,000

**contribution towards EV in
France, incl. scrappage scheme**

€6,000

grant for an EV in Germany

... and we have the chance to join them

- Emissions targets
- £3,000 Plug-in Car Grant; and home & workplace charging grants
- Low emissions zones e.g. London's ULEZ
- **AND...**

EV salary sacrifice

(but very few people know)

What is salary sacrifice?

Salary sacrifice is an benefit that businesses can offer that allows employees to pay for their EV lease out of gross salary unlocking savings of 30-40% on their car costs

Meet Max...

Max works for a small IT firm and drives his Nissan LEAF to the beach every weekend to walk his dog, Fred.

Salary: £40,000

Nissan LEAF

Lease term: 36 months

Annual mileage: 10,000 miles

Max's net payment
Over 3 years (2020-23)

£303
per month

Includes:

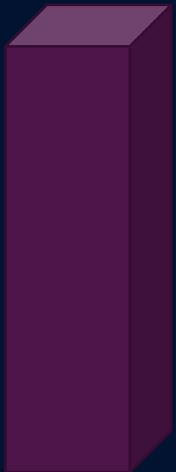

- o Your electric vehicle of choice
- o Early termination cover
- o Servicing and maintenance (including tyres)
- o Roadside assistance
- o Accident management

How does it break down

Year 1: April 2020-March 2021

Monthly cost
£439

Saving
- £141

Net monthly cost
£298

Income tax saving = -£88

National insurance saving = -£53

Benefit in Kind (BiK) tax = £0

TOTAL SAVINGS

Max's savings
Over 3 years (2020-23)

£4,896

Years 1-3: April 2020-March 2023
Includes a small amount of BiK tax

The monthly BiK payment =
Value of car x BiK rate x tax rate / 12

	BiK rate	BiK payment	Net monthly cost
2020-21	0%	£0	£298
2021-22	1%	£5	£303
2022-23	2%	£10	£308
